Welcome and congratulations to the incoming Class of 2024!

The Bursar’s Office is pleased to provide you with information to assist you with your financial transactions at Princeton University. Our office is available to help you navigate the various options regarding the payment of tuition and fees.

Princeton University provides an online view of the student account bill. A notification is sent to students at their Princeton.edu email address when their student account is ready for review and payment. The Fall Term billing notification is expected to be issued on September 1. Students can access their student account bill from TigerHub by selecting Student Financial Center in the My Financials tile.

Parent/Guardian Access to your Student Account
During online matriculation, students were instructed to select which parents/guardians they authorized to view their student account and receive monthly email notifications. Students can also select (and deselect) parents/guardians at any time after the start of the academic year from the Delegate option on the main student account page. Student delegation is required for a parent/guardian to have access to a student’s account.

Delegated parents/guardians can then view their student’s account from Princeton’s Tiger Family Hub by logging in with their claimed Princeton Network ID (NetID). For help with claiming your Princeton NetID, contact the Office of Information Technology Support Center at (609) 258-4357 or email helpdesk@princeton.edu.

Tuition and Fees
To view the tuition and fees for the 2020-2021 academic year, please visit https://admission.princeton.edu/cost-aid/fees-payment-options. Students living at home or on campus are charged the same discounted tuition rate of $24,251 per term. However, there are differences associated with the cost of attendance detailed on this site.

Prior to the start of the term, an email notification will be sent advising you that your student account is ready for review. The Fall Term charges are due September 25th and the Spring Term charges are due January 25th. Each term will include half of the tuition and fees, and half of any Princeton grant or other external scholarships. Note that all first-year students are charged a one-time transcript fee of $75 in the Fall Term. For their convenience, students are permitted to charge incidental charges to their student account and these will be billed and due monthly.

If you opt for the Princeton Parent Loan (www.princeton.edu/parentloans), the credit for each term will also be reflected on your student account. However, parents/guardians will receive a separate billing statement for this loan obligation.

External Scholarships
By submitting the online Scholarship Information Form for Non-Aid Students, students who are not receiving any financial aid from Princeton University can have an anticipated external grant or scholarship award reflected on their student account to reduce the amount due. External organizations include Reserve Officers’ Training Corps (ROTC) scholarships and faculty/staff tuition grants from colleges and universities, including the Princeton University tuition grant. The online form will be available from the main student account page prior to the start of the academic year. Students must report external awards each year.

Financial Aid recipients will receive external award instructions from the Undergraduate Financial Aid Office.

Payment Options
Princeton University offers several payment options, summarized below. Please review the options carefully to determine which works best for your family:

- **Pay the full amount of each term when due.** The term payment plan is the default option. From the main student account page, you can pay electronically or print the remittance coupon found on the term statement and mail a paper check. International families can also make electronic payments in their home currency via this page.

- **Students can apply for a Monthly Payment Plan.** This plan allows students to spread tuition and fees (minus any financial aid or external scholarships) over 9-monthly installments. There is an application fee of $40
per term which is payable with the first installment. The online application is located on the main student account page. This option will be available to students prior to the start of the academic year.

- Parents/guardians can apply for a Princeton Parent Loan. This long-term loan program allows creditworthy applicants the option of spreading the cost of attendance over 14-years. Parents can select either a fixed or variable loan option, both at competitive rates. The program offers a convenient online application process and charges no application fees. For additional information and to apply online, visit

  www.princeton.edu/parentloans.

**Payment Methods**

Due to COVID-19, many University offices will not be staffed on campus. As a result, we are not accepting walk-in payments, cash payments or overnight mailings that require signature. We suggest you pay electronically, or mail your check to the bank address on the remittance portion of the statement. We do not accept credit cards.

Students are encouraged to open a US bank account and enroll in direct deposit to avoid delays due to COVID-19 in receiving any payments or refunds due to them throughout the year. The enrollment link for students is located on the main student account page accessible from the Student Financial Center on TigerHub.

**Tuition Insurance**

A private insurance program that supplements the University’s published refund policy is offered to Princeton students. Participation in the plan is completely optional and the University’s refund policy is applicable whether or not you are enrolled in the plan. Students are covered for both on-campus or off-campus/online instruction and will be covered should they need to medically withdraw due to COVID-19. For more information, please view the video at https://www.youtube.com/watch?v=F1Dk6LE9QZs. For the most recent COVID-19 alert regarding claims visit https://gradguard.com/covid-19.

We wish you a most successful and enjoyable year and encourage you to visit our Student Financials website at https://finance.princeton.edu/special-information/student-financials. The site includes a navigation guide for the main student account page and other important reference information.

If you have any questions or would like to discuss your payment options, please feel free to contact our office at studacct@princeton.edu or call (609) 258-6378.

Sincerely,

Maria L. Bizzarri
